

ECI Code of Conduct

The ECI project managers and executive staff developed this list of standards:

- Strive to maintain a positive and professional image of ECI to our employees, our clients, vendors, subcontractors, and the public.
- Speak and act supportively of ECI, as a company, and of other workers.
- Be prompt – Start on Time (work, appointments, projects, etc.)
- Don't over-promise or under-deliver
- Respect the Property of Others
- Work to VOSHA, OSHA, FRA, & ECI safety standards
- Work in an environmentally conscientious manner.
- Drive safety, defensively, and courteously.
- Maintain cleanliness and condition of vehicles and equipment.
- Maintain respectful behavior whenever one is working, driving a company vehicle, or wearing the company logo. You are always representing this company.
- Strive for restraint, discretion, and integrity
- Maintain confidentiality of insider information learned about ECI or about our clients.
- Promote the CODE.
