

# Railroad Workzone

All work within a railroad right of way requires strict adherence to FRA (Federal Rail Act) Regulations and individual Railroad Owner on-track safety procedures.

- Notification of any activity is required. Notify ECI Rail Director Gene Trombly prior to accessing any Railroad property for any reason. In Gene's absence contact ECI Safety Director to obtain proper clearance for your intended activity.
- All activity is governed strictly by The Roadway Worker Protection Act. This Act is enclosed for reference.
